To Our Valued Customers:

The following documents are the Material Safety Data Sheets (MSDS's) of our various product lines for your reference. They have been prepared with information from our suppliers to comply with the Federal Hazard Communication Standard, 29 CFR 1910.1200. The MSDS contains important safety, health and regulatory information that is important to you, your employees and customers who are exposed to these materials.

In addition, some of the components may be subject to the reporting requirements of Section 313, Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA), 40 CFR Part 372, as well as to the Comprehensive Environmental Response, Conservation and Liability Act of 1980 (CERCLA), 40 CFR Part 302. If you are unsure as to your reporting requirements, or need more information, call the USEPA SARA Hotline: (800) 424-9346, or the Emergency Planning and Community Right-to-Know Act Hotline: (800) 535-0202.

The MSDS is supplied to provide safety, health and environmental information only and must not be used for material specifications.

Please contact your sales person or call us directly if you require further assistance.

Sincerely,

AMICO

IMPORTANT
Liability Disclaimer

The information contained in the referenced Material Safety Data Sheet (MSDS) is believed to be correct as it was obtained from sources we believe are reliable. However, no representations, guarantees or warranties of any kind are made as to its accuracy, suitability for particular applications, hazards connected with the use of the material, variations in methods, conditions and equipment used to store, handle, or process the material and hazards connected with the use of the material are solely the responsibility of the user and remain at his/her sole discretion.

Compliance with all applicable federal, state, and local laws and regulations remains the responsibility of the user, and the user has the responsibility to provide a safe work place to examine all aspects of its operation and to determine if or where precautions, in addition to those described herein, are required.

MATERIAL SAFETY DATA SHEET

A GIBRALTAR INDUSTRIES COMPANY

3245 Fayette Avenue • Birmingham, AL 35208

Creation Date: 09/06/91

Revision Date: 02/22/07

SECTION I. MATERIAL IDENTIFICATION

Casing Bead, Corner Bead, and Control Joint - Zinc 190 Alloy Series
Emergency Number: CHEMTREC® (800) 424-9300

This information is believed to be accurate and represents the information currently available to us. However, we make no warranty, expressed or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigations to determine the suitability of the information for their particular purposes.

SECTION II. HAZARDOUS INGREDIENTS

Hazardous Component(s): Contains no hazardous chemical as defined by 29 CFR 1910.1200
Exposure Limits: N/A

SECTION III. PHYSICAL DATA

Description: Bluish - White Metal
Specific Gravity: 7.1 (H₂O = 1)
Melting Point: 790°F
Solubility in Water: Insoluble

SECTION IV. FIRE AND EXPLOSION DATA

Fire and Explosion Hazard: Negligible fire hazard when exposed to heat or flame. Excessive exposure to fumes from zinc and other alloy metals may produce flu-like symptoms of metal fume fever.
Fire Fighting Media: Smother with suitable dry powder (NFPA class D Fire)
Fire Fighting: Use self-contained breathing apparatus.

SECTION V. REACTIVITY DATA

Reactivity: Stable under normal temperatures and pressures.
Incompatibilities: Acids and alkalis react to evolve hydrogen gas.
Decomposition: Oxides/fumes from metals.
Polymerization: Hazardous polymerization has not been reported to occur under normal temperatures and pressures.

SECTION VI. HEALTH HAZARD DATA

Inhalation: Excessive exposure to fumes from zinc and other alloy metals may produce flu-like symptoms of metal fume fever.
First Aid: Remove from exposure area to fresh air immediately and refer patient to a physician.
Skin Contact: N/A
Ingestion: N/A

Carcinogens: Contains no substance found to be carcinogenic by NTP, IARC, or OSHA in quantities greater than 0.1% by weight.

SECTION VII. PRECAUTIONS FOR SAFE HANDLING OR USE

Storage and Disposal: Observe all Federal, State and Local regulations when storing or disposing of this substance. For assistance, contact the District Director of the Environmental Protection Agency.

Protective Equipment:

Ventilation - Provide local exhaust or process enclosure ventilation to meet published exposure limits.

Respirator - The specific respirator selected must be based on contamination levels found in the work place, these levels must not exceed the working limits of the respirator and be jointly approved by the National Institute for Occupational Safety and Health and the Mine Safety and Health Administration (NIOSH-MSHA).

Clothing - Appropriate for operation.

Gloves - Appropriate for operation.

Eye Protection - Appropriate for operation.

ADDITIONAL INFORMATION

This product or component(s) of the product is subject to the reporting requirements of Section 313, Title II of the Superfund Amendments and Reauthorization Act of 1986 (SARA), 40 CFR Part 372. Zinc (fume or dust) is subject to SARA Section 313 reporting if the required threshold is reached. RQ = 1000 pounds.

The Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), 40 CFR 302 also requires certain manufactures to report on annual emissions of specific toxic chemical categories.

For more information contact the SARA Hotline at (800) 424-9346 or the EPCRA Hotline at (800) 535-0202.
