AMICO

Male Expansion Component

Is the companion part of the two piece expansion joint and other multi-part expansion joints. Designed to relieve stucco stress in wall and ceiling areas where excessive horizontal and vertical movements might occur.

AMICO

Female Expansion Component

is half of the two piece expansion joint and other multi-part expansion joints. It is used to fabricate reveals and soffit joints, which incorporate expansion.

AMICO Vinyl Angles

used with inside and outside corner expansion joints or sold separately.
