

# Vinyl Soffit Vent

Spring 2002

Stucco Accessories

## AMICO Vinyl Soffit Vents (3 Piece)

2", 3", and 4" are continuous three-piece vents for stucco applications in soffit areas, used to allow for attic ventilation. The three-piece vent also allows for expansion and contraction in these areas. The two outside casing type components provide grounds that match the thickness of the stucco and can be used as screeds. Clips are provided to aid in proper alignment of multiple sections.

Standard Length: 10 feet
